

## You Are to Remember This Statement For The Rest of Your Life

You have a 100% chance of looking into the face of a rapist every time you speak to a man. It does not matter if this man is your father, brother, cousin, uncle or grandfather, or whether the man is a uniform police officer or a fireman. Every time you speak to a man you have the possibility of speaking to a rapist as testified by the number of women being raped and murdered in this country. Any time you look into the face of a man you must realize you are looking into the face of a rapist. We do not care if the man is White; the young and White kill as often and with as much frequency as the old and Black. Nothing precludes a man from being a rapist. Nothing! A man's heights, his weight, the shape of his head, his hair color his shoe size or his race does not determine his proclivity to rape. Any time you look into the face of a man you must realize you have a 100% chance of looking into the face of a rapist. This is a life saving assumption. To think counter to this assumption is to put your life in that man's hands.

Two cases in point - In 1985 Bennie Adams of Ohio was dating Gina Gay Tenney's neighbor. What no one knew is Mr. Adams was watching Ms. Tenney. He continued his surveillance of her until he was able to enter her apartment where he raped and murdered Gina Tenny. It was reported October 7, 2014 in the article '7th Heaven' Dad Stephen Collins Admits to Molesting Underage Girl, Fallout Reaches Hollywood, by Suzy Byrne that actor Stephen Collin confessed to his now ex-wife that he molested an underage girl and expose himself to two others.

Human behavior does not follow the predictability of a roll of the dice therefore we say, the next time you look into the face of a man you must realize how great the possibility is that you are looking into the face of a rapist because the number of rapists in the country is growing. We are all not the same. Not all men are rapists, but we know that the vast majority of rapists are men. Any time you look into the face of a man you must realize you are looking into the face of a rapist. We do not care if the man is White; the young and White kill as often and with as much frequency as the old and Black. Nothing precludes a man from being a rapist. Nothing! We can prove this statement. All you have to do is read the number of old rape and murder cases being solved by DNA. Men living in our community sitting down to breakfast and dinner with their wife and children are now being convicted in our courtrooms for rapes they committed 10 12 or 15 years ago. When asked their neighbors say, "Oh he was a really nice guy. Give you the shirt off his back." Little did the neighbor know he was living next door to a rapist? Any time you look into the face of a man you must realize you have a 100% chance of looking into the face of a rapist.

This is a life-saving assumption. To think counter to this assumption is to put your life in that man's hands. Accepting this fact may save your life or you can avoid being raped. When you look in the face of your neighbor, coworker, cousin, grandfather, brother, father, or husband, you have a 100% chance of looking in the face of a person who will rape or kill you. There are no exceptions. The conviction of Colonel Russell Williams, a top commander in the Canadian Air Force, of rape and murder and the conviction Thomas McCarthy, 44, a well known firefighter of Fairview Park, Ohio, for rape is proof of what the Institute says that every time you look into the face of a man you have a 100% chance of looking into the face of a rapist. There are no exceptions. Make an exception lose your life. Make no assumption you might make it to old age
